Overall Opinion of Content						
Clear statement of what problem is going to be solved.				1	5	
Statement of problem is abstract. The problem statement is not the technology, but the reason the technology is being implemented. Some explanation of the technology is fine, as long as it is given along with the abstact problem statement.				1	5	
Explanation for why the problem is important to the stakeholders.				1	5	
Description of the context – who are the stakeholders?				1	5	
Description of the context – research problem versus "commercial" product development versus specific-need built software.				5	5	
Description of context – environment for the software – desktop, hospital, manufacturing, retail, etc.				5	5
